9.6 Fitness of the athlete

- 9.6.1 Athletes that are candidates for selection for the Games may be requested to take a pre-determined and relevant fitness test at any time during the selection process. 10.4 The athlete/horse combinations to be submitted to the Final Sport Entry List (the "Squad"), plus reserves (which may or may not be in order of preference), will be informed on or around Tuesday 22 June 2021. Athletes will be required to maintain complete confidentiality until they are formally notified of the BOA ratification of their selection by the PD/PM and are subject to the requirements of a BOA Team Announcement.

10.5 The BOA, in consultation with the PD (or appointed representative), will announce the Squad for the Games on or around 28 June, unless circumstances dictate otherwise. Following this announcement, the athletes/horse combinations will also be announced on the BEF and BS websites.

11.0 Post selection

- 11.1 The Team and Team running order will be made with absolute discretion, honesty and integrity. This decision will not be contestable; it will be final. The PM may also subsequently make amendments to the Team and the order at any time up to two hours before the start of the jumping phases, if deemed necessary to do so. Again, this decision will be made with absolute discretion, honesty and integrity and will not be contestable; it will be final.
- 11.1.1 The running order for the Team and Individual Qualifier is as per FEI Rules (FEI Regulations for Equestrian Events at the Olympic Games, 24th Edition, Article 627.3.1).
- 11.1.2 Post the Squad selection and prior to departure for Tokyo, the PM in consultation with the PD (or appointed representative) will decide and inform athletes accordingly on the three (3) Team Members of the four (4) travelling to the Games who will compete in the Individual Competition and three (3) for the Team Competition. On the basis that all athlete/horses are still fit to compete following post-travel assessment of the horses' condition, the weather conditions and the health of the athlete and horses to compete to their maximum potential, the three (3) Team Members of the four (4) will remain the same.
- 11.1.3 Post the horse inspection of all four (4) squad members for the Team Competition, the PM in consultation with the PD (or appointed representative) will finally decide and inform the three (3) athletes who are on the Team and the running order of the three (3) Team Members for the Team Qualification Competition. The same three athlete/horse combinations that were originally selected for the Team will compete in the Team Qualification Competition, on the basis that all athletes and horse are still in good health to perform to their maximum potential following assessment and reflecting on their individual performance.
- 11.1.4 The PM and PD (or appointed representative) will inform athletes accordingly at the Games of the running order for the Team Final (if qualified) after assessment of the condition of the horses post the first Team Qualification and prior to the Team Final round. The same three athlete/horse combinations that were originally selected for the Team will compete, on the basis that the condition and health of the athlete and horses to compete to their maximum potential has remained the same as consistent with previous selections and in line with the Substitution rule in 13.6.(FEI Regulations for Equestrian Events at the Olympic Games, 24th Edition, Article 609.2 & Article 627).

12.0 Conditions of remaining selected

- 12.1 Once an athlete/horse combination has been selected at either the Nominated Entry or Final Sport Entry stage, they must maintain their form and fitness in a suitable training and competition programme to be agreed with the PM. Failure to do so, or to discuss proposed amendments with the PM, may result in the athlete being de-selected.
- 12.2 It will be expected that selected and reserve athletes and their grooms adhere to all requested training preparation, quarantine, media and team meeting arrangements. Training preparation will include optimal performance preparation for athletes, grooms and horses, aligned to anticipated environmental conditions and competition format at the Games. Failure to do so may result on the athlete being deselected.

13.0 Deselection

- 13.1 Deselection of a Squad member may occur at any time between the announcement of the Squad and the Official Final Entries (Tokyo Sport Entry Deadline) with Tokyo 2020 (2021) on **5 July 2021**. The final decision as to whether to replace/substitute during this period, whatever the reasoning, will be made by the PM, in consultation with the PD (or appointed representative), the Selectors, the Team Vet or the WCP Lead of Athlete Health (as appropriate).
- 13.2 After the Official Final Entries (Tokyo Sport Entry Deadline) with Tokyo 2020 (2021) on **5 July 2021**, deselection, replacement or substitutions to the Team and Reserve list may only be made by the BOA, in consultation with the PD (or appointed representative), in exceptional circumstances (such as injury or illness) in accordance with the IOC Late Athlete Replacement Policy or in the case of a Pre-Competition Change as outlined below (see 13.5).
- 13.3 In the case of an athlete being considered medically unfit to compete, the decision will be made following an examination by a WCP-approved Human SSM Practitioner. This may involve the athlete being asked to compete at a competition or to perform at a certain training session. Being unfit to compete is best described as “not being able to ride their horse in a manner which allows the athlete to produce the standard of performance at which they were selected for the duration of the competition”.
- 13.4 In the case of a horse being considered unfit to compete, the decision will be made following an examination by the Team Vet or an WCP-approved Veterinarian. This may involve the athlete/horse combination being asked to compete at a competition or to perform at a certain training session. Being unfit to compete is best described as the horse “not being able to compete to the performance standard anticipated and at which they were selected for the duration of the competition”.
- 13.5 Pre Competition Change
- 13.5.1 A "Pre-Competition Change" (FEI Regulations for Equestrian Events at the Olympic Games, Article 609.1) is defined as a change of an athlete/horse combination that is made and completed during the period 21 June 2021 (the FEI Nominated Entry deadline) and:-

Games 24th edition, effective for the Olympic Games Tokyo 2020)

13.5.3 In respect of a British Team Member, the “Pre-Competition Change” could be made until:-

- a. Pre-departure for Tokyo and for these purposes the last date for any Squad Pre-Competition Change will be based on when the Squad horses fly to the Games (27 July 2021), and the number of horses taking part in pre-export quarantine prior to departing to the Games.
- b. On arrival in Tokyo, any “Pre-Competition Change” must be made and completed within the timeframes outlined in 13.5.1 and will only include a change of the p alternate athlete and/or reserve horse combination being changed into the team of three (3). In accordance with the IOC/Tokyo 2020 Late Athlete Replacement policy (once article is released this will be featured)

13.6 Substitution

13.6.1 A “Substitution” (FEI Regulations for Equestrian Events at the Olympic Games, 24th Edition, Article 609.2 & Article 627) is defined as a change to the three (3) athlete/horse combinations named on the Team that is made and completed after the end of the Jumping Team Qualifier and up to two (2) hours before the scheduled starting time of the Jumping Team Final.

- a. Each Team may only substitute a maximum of one (1) athlete/horse combination during the Games.
- b. An athlete/horse combination may only be substituted with the p alternate athlete/reserve horse.

13.6.2 Substitution can only happen if either:

- b) The athlete is unfit to compete. This decision must be supported by the WCP Lead of Athlete Health, the PM and the Performance Director.

14.2 Athletes selected will be obliged to sign the BOA Team Member Agreement.

14.3 Athletes and their support teams are expected to behave at all times in a manner that does not bring the sport, BEF, the World Class Programme or BS into disrepute or potentially

negatively affect performance and at all times in accordance with the BOA Team Members agreement.

15 Clean sport

- 15.1 Selection is subject to compliance with FEI and BEF Equine Anti-Doping and Controlled Medication Rules and FEI, BEF and World Anti-Doping Agency (WADA) rules on anti-doping.

16 Cancellation/postponement

- 16.1 In the event of cancellation of the Games, the relevant parties will be notified straightaway. In the event of postponement, a situation may arise where a new or different squad needs to be selected, in which case all parties will be notified and normal procedures for selection followed wherever possible.
- 16.2 In the event of exceptional circumstances beyond the BEF, BOA or BS's control, the BEF Board reserves the right to make decisions following consultation with the PD (or appointed representative), BOA and Chief Executive of the BEF, either to change the Selection Policy or the procedure, which might include the withdrawing of the British Team from competition. 18 Appeals process and procedures

- 18.2 An appeal must be made by submitting notice in writing to the Chief Executive of the BEF, in accordance with the BEF Selection Appeals Rules (the "Appeals Process"), within 24 hours of the relevant athlete being informed of the Selector's decision.
- 18.3 A copy of the appeal must also be submitted to the Chief Executive of BS. The Chief Executive of BS shall, on receipt of the notice of appeal, seek to bring together all parties for a without prejudice discussion.
- 18.4. For the avoidance of doubt, the Appeal Process shall continue to run during the course of such discussion. However, in the event that both parties notify the BEF (within 24 hours of receipt of the notice of appeal) that such discussion has resolved the appeal, the Appeal Process shall be stayed.

18.5 Please note, one of the overriding objectives of the BEF Appeals Procedure is to enable the BEF to deal with selection appeals as quickly as is reasonably possible. Any Appeals Process will therefore be dealt with on an expedited basis with the aim being (to the extent possible) to complete the Appeals Process within a time that allows the objectives of the Selection Policy (2.0) to be maintained.

18.6 The Appeal Process is set out on the BEF website:
